

Parallel Session 13 Thursday, July 5, 08:00AM-10:00AM

Special Session 7	Recent Progress in the Mathematical Theory of Compressible and Incompressible Fluid Flows Organizer(s): Eduard Feireisl, Sarka Necasova	Location POI-A
8:30-9:00	Toshiaki Hishida (Nagoya University, Japan) Decay estimates of the Oseen flow in the plane	Abstracts p. 32
9:00-9:30	Trygve K Karper (University of Maryland, USA) Fluid mechanical models of self-organized dynamics	Abstracts p. 32
9:30-10:00	Irena M Lasiecka (University of Virginia, USA) Long time behavior of solutions to nonlinear flow-structure interactions	Abstracts p. 32
